Hand Pallet Truck

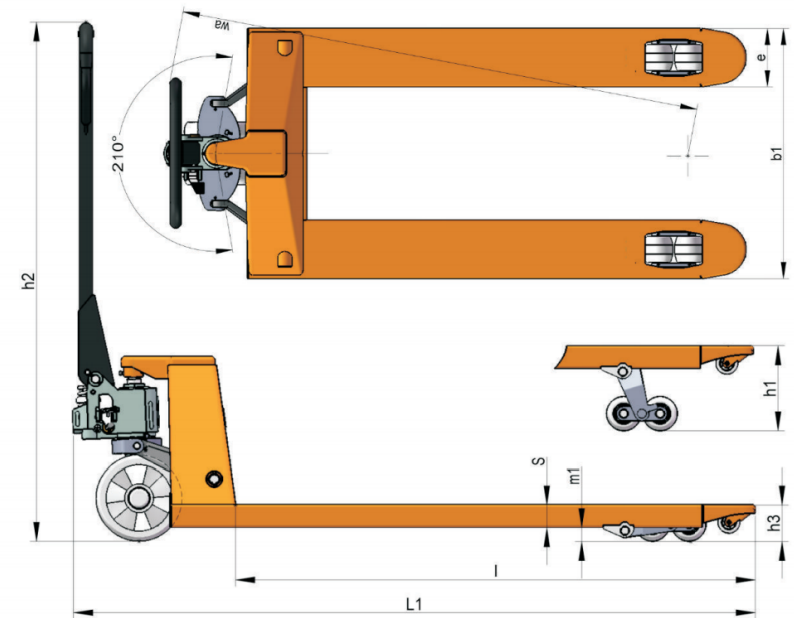

Hand Pallet Truck

Product Advantages

1. Professional and ideal for storage and transport tasks. Excellent performance and highly reliable.
2. Optional quick lift function, only 8 pump actions needed to reach the maximum height, which makes more efficient and labor saving
3. Key parts galvanized ensures long services life, stability as low noise
4. Strengthened fork frame and smooth fork tips makes it more durable than ever
5. Various optional of fork width and length suit for different pallet sizes and working requirements
6. Optional coating materials like PU, Nylon, and Rubber etc. For rollers and wheels meet different needs of customer and working ground and conditions
7. Unique design of pump makes it easier to operate and repair
8. Important seals made in Germany, which prolong the working time of hydraulic unit. No routine maintenance at all is needed on the hydraulics unit and bearings

Specification

Model		BF25	BF30
Capacity	Q(kg)	2500	3000
Service weight	kg	60-75	60-75
Steering wheel	mm	Φ180	Φ180
Fork wheel	mm	Φ80	Φ80
Max. lift height	h1(mm)	195	195
Total height	h2(mm)	1205	1215
Lowered fork height	h3(mm)	85	85
Overall length	L1(mm)	1515/1585	1515/1585
Fork dimensions	s/e/l	160/1220(1150)	160/1220(1150)
Distance between fork-arms	b1(mm)	550/685	550/685
Ground clearance, centre of wheelbase	m(mm)	32	32
Wheel type		PU/nylon	PU/nylon
